Brief Summary

Final-year Computer Science student (CGPA: 8.61) with a strong foundation in Data Structures, C++, and Python. Gained practical experience in Machine Learning and Software Development through two internships, building predictive models and full-stack solutions like Employee Management Systems. Passionate about solving complex data problems and seeking an entry-level role in Data Science or AI Engineering.

Education

Shrimati Kashibai Navale College of Engineering, Pune 2022 – 2026
B.E. in Computer Science and Engineering — CGPA: 8.61/10 *Pune, India*

Nutan Vidyalaya and AD. Ravsaheb Shinde Junior College 2022
HSC — MSBSHSE — Percentage: 76.17% *Wavi, Maharashtra*

Nutan Vidyalaya 2020
SSC — MSBSHSE — Percentage: 93.60% *Wavi, Maharashtra*

Internship

Cognifyz Technologies Jan 2025 – Feb 2025
Machine Learning Intern *Remote*

- Worked on supervised learning models such as regression and classification.
- Handled data preprocessing, model training, and evaluation using real datasets.

Internpe Dec 2024 – Jan 2025
AI/ML Intern *Remote*

- Completed multiple machine learning projects including diabetes and car price prediction.
- Applied feature engineering and model evaluation techniques on real-world datasets.

Projects

Employee Management System Jan 2026
Tech Stack: Python, Streamlit, PostgreSQL, SQL, Git

- Developed a Streamlit-based application to manage employee records with full CRUD operations.
- Integrated PostgreSQL database for structured and reliable data storage.
- Focused on simplicity, usability, and clean application logic.

Car Price Prediction Jan 2025
Tech Stack: Python, Pandas, NumPy, Scikit-learn, Matplotlib

- Built a regression model to predict car prices using mileage, fuel type, and brand.
- Evaluated model performance using R^2 score and MAE metrics.

Technical Skills

Languages: Python, C++, SQL, HTML/CSS

Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-learn

Databases & Tools: PostgreSQL, Streamlit, Git, GitHub, VS Code

CS Concepts: Machine Learning, Data Structures & Algorithms (DSA), OOP

Hobbies

Playing Chess (District Level)

Playing Cricket (School and Club Level)
